

How to draw Queen NoFUZZBALL!!

1 Draw two ovals lightly with pencil. These will be your guidelines!

2 In the middle of the top oval, draw an upside down triangle as her nose and little dashes as her mouth.

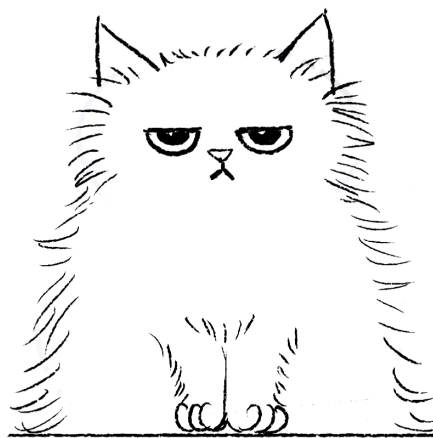

3 Now draw two half ovals on each side of the nose for her eyes and add her ears on top.

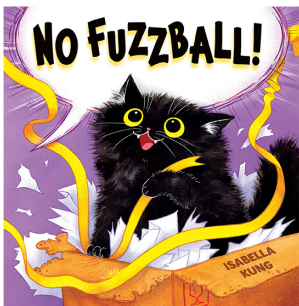

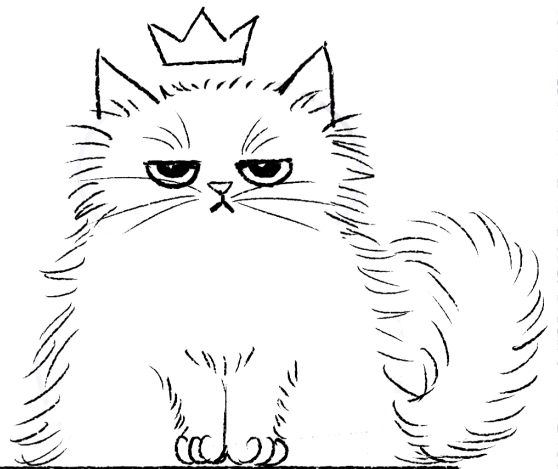

4 Following the guidelines, draw her royal fur coat! Tip for drawing fur: Flick your marks in the direction of the arrows for tapered lines.

5 Add a line for the ground and draw her front paws. Erase your guidelines.

6 Draw her tail and add her whiskers. Don't forget her crown!
